(B.Ed)**

PROSPECTUS
2023-25

Our Vision

Enabling student-teachers to meet the growing demand for innovation, independent inquiry, and research temperament in the upcoming generations through creativity and active learner engagement.

Our Mission

To instill in our student-teachers the right values and focus on quality education so that our graduates are imbued with awareness, cultural sensitivity, adaptability and necessary skills for the leaders of tomorrow.

Objectives

We aim to empower our student-leaders to have a holistic view of education to achieve the following objectives:

1. Recognize their role and responsibility in their jobs and society at large.
2. Gain the necessary technological skills to meet growing demand for change in the classroom.
3. Grow as teachers with awareness and sensitivity.
4. Encouraging social entrepreneurship amongst student-teachers.

Roadmap

SVB's Saraswathi College of Education and Research will facilitate development of skills, ability and knowledge for graduating teachers to lead a life of values, ethics and leadership traits, inspiring future generations of students to evolve as job creators rather than job seekers.

Teacher's Oath

1. First and foremost, I will love teaching. Teaching will be my soul.
2. I realize that I am responsible for shaping not just students but ignited youths who are the most powerful resource under the earth, on the earth and above the earth. I will be fully committed for the great mission of teaching.
3. As a teacher, it will give me great happiness, if I can help to transform an average student of the class to perform exceedingly well.
4. All my actions with my students will be driven by kindness and affection like a mother, sister, father or brother.
5. I will organize and conduct my life, in such a way that my life itself is a message for my students.
6. I will encourage my students and children to ask questions and develop the spirit of enquiry, so that they blossom into creative enlightened citizens.
7. I will treat all the students equally and will not support any differentiation on account of religion, community or language.
8. I will encourage and support differently abled students and help them to discover their different abilities.
9. I will continuously build the capacities in teaching so that I can impart quality education to my students.
10. I will celebrate the success of my students.
11. I realize that by being a student-teacher, I am making an important contribution to all the national development initiatives.
12. I will constantly endeavor to fill my mind, with great thoughts and spread the nobility in thinking and action among my students

OUR PARENT BODY – NES-SVB EDUCATION GROUP: ORIGIN, GROWTH & ACHIEVEMENTS

National Education Society and Saraswathi Vidya Bhavan Education Group of 69 Institutions (NES-SVB Group) bears eloquent testimony to the power of one visionary Dr. R. Varadarajan who has been working with single minded focus and far sight, deserves credit for creating access to quality, value- based education in transforming some of the far-flung suburban areas of Mumbai and Thane District. The seeds of NES were sown in 1963 with 7 students, enrolling for learning with this visionary, young and entrepreneurial teacher in his humble 10 by 10 classroom in Bhandup, then an area known more as a settlement for blue collar workers. Then a young man in his late teens, he had just come to Mumbai from Thanjavur with only the SSLC qualification, to start his job in a private limited company.

Thus, this tiny school became the first step to write his tryst with education. Initially there were hurdles in the path but with his steel resolve, keen passion for education and determination he forged ahead, undaunted, plodding on going door-to-door, collecting funds and convincing the parents to send their children to school. The benefits of telecommunications and social media did not exist then. He set milestones for himself in institution building so that the God-sent children in the school could have a well laid route for their educational journey.

Then came the first school building to house the Pre-Primary, Primary and Secondary school, followed by a Junior College. His efforts bore fruit when his school - NES Primary School was first declared as 'A Grade School' by the Municipal Corporation of Greater Mumbai. Accordingly, the required recognition was granted. The school maintained the A Grade status and was also awarded a special incentive grant for Secondary School and Junior College. This provided a great impetus and, as the Institutions grew, so did the achievements– of the school, the students and the founder. The SSC students raised the bar by achieving 100% passing results. Yet another feather in the cap -Merit Ranks scored by NES students of High School, Junior College and also his later setup Ratnam Degree College. This set the benchmark for all other institutions established by him one after another till date.

He did not rest on his laurels, and, worked harder for expansion. In the year 1983, a sister trust was formed by him, Saraswathi Vidya Bhavan - to offer professional education and education for the underprivileged. This educational trust was placed under the care of Mrs. Saraswathi Varadarajan.

NES High School & Junior College

**NES Ratnam College of Arts,
Science & Commerce**

Proposed Oxford High School

SVB's College of Pharmacy

The trust established 3 Kindergarten schools followed by Primary and Secondary Schools. Special mention may be made here of SVB's 2 schools - one in Dharavi slum locality where the children had no school in the neighborhood, the light of Education having not reached there and, the second school in a remote suburb, Dombivli, on the outskirts of the city where Saraswathi Vidya Bhavan purchased a number of plots of land for educational development in pursuance of its policy of serving the underprivileged first. Dombivli, being in those days, a near jungle and rough terrain, had been excluded from growth due to lack of educational enlightenment.

However, on the benign command of his beloved Guru, Jagadguru Sankaracharya H.H. Jayendra Saraswathi Swamiji, Dr. R. Varadarajan began reaching out to the local community and invested in land at Dombivli. Thus, with the inauguration at the hands of His Holiness, the Sankara Vidyalaya was established. A delegation of foreign visiting education experts offered their support for the Dharavi school in the slum, describing it as a 'wonder-school.' The school at rural Dombivli has equally succeeded in creating awakening amongst the villagers about the value of education.

SVB's College of Education (B.Ed)

The Ratnam degree college in Arts, Science and Commerce under his Education group was also established in 1983. Though it began operations from a makeshift structure, it was soon moved to a new college building and offers today, undergraduate and post-graduate Degree programmes like B.A., B.Sc., B.Sc. (I.T.), BMS, B. Com (Banking and Insurance), B.Com (Accounting and Finance), Master Degree Courses in Sciences, B.A., B.Com. & MBA under YCMOU and Centres for Doctoral Studies. The 2 NES – SVB complexes at Bhandup are now recognized for their Schools/Colleges including the Secondary School for Hearing Impaired.

SVB's Sankara Vidyalaya

In 1993, the SVB Trust established the College of Pharmacy and in 2004 College of Education for B.Ed. & E.C.C.Ed. a well-equipped I.T. Centre and a Sports School with guidance from Edith Cowen University, Australia, all on its Dombivli land. The trust has earmarked a sizeable plot of land at Dombivli/Dawadi for a Self- Financing University with world class courses in degree and post degree in all useful disciplines. This University is now shaping up and the Foundation Stone will be laid at Jagadguru's holy hands.

The Founder's emphasis upon quality in education led to the establishment of National Centre for R & D in Education, Science and Technology – a first of its kind in India's private sector. This R & D Centre established at the behest of H.H. Jagadguru Sankaracharya of Kanchi Kamakoti Peetham has been motivating educators to orient themselves towards innovative teaching.

Accordingly, His Holiness Jagadguru Sankaracharya National Award for Teachers and National Eminence Awards for eminent personalities of the country in public service, were instituted in 2001 at the benign command of Jagadguru, to be conferred upon the best teacher of every state and eminent celebrities who walk the extra mile in their profession and careers, and make an impact in society. The R&D Centre has brought about a sea-change in the results of all academic institutions, where their findings and recommendations have been implemented.

Not content with achievements so far, the Founder took on a special research to study the educational systems prevailing in different countries. He resolved that International Baccalaureate (IB) and Cambridge (CAIE) education were the most promising wave in school education. Thus, the first IB World School was set up in 2004-2005 along with the almost parallel curriculum of Cambridge (CAIE). This school has carved a niche, with the students topping at the country as well as at world level, besides creating excellent records in sports. The Founder-President further scoured the world and brought in several other novel initiatives like Space Science and Pavilions, the NES World Peace Congress, Entrepreneurship, Journalism, Value Education, the annual NES International Science and Technology Festival and so on. It has further established one more International School with 2 world curriculum at Dombivli so as not to deprive the lesser privileged of equal opportunity.

Today, NES-SVB Education Group stands tall, with a strong team of Management and teachers, deeply committed to their 69 Institutions. In addition to the University, there is on the anvil, a professional institute for Vocational Diploma/Degree College in Dharavi slum adjacent to the existing school, and also one each at Mulund and Dombivli to cater to the industrial and technical needs of the community, including a National Centre for Skill Development under the auspices of Nation Skill Development Council, Govt. of India.

NES-SVB Group sets a historic example of how unstinted effort backed by strong values, dedication and total focus can transform society. Each of the localities housing the 6 complexes, where the educational institutions have been established, have metamorphosed into educational hubs, creating access to education and job opportunities, as a stable anchor of hope and aspiration for the youth in particular and the community at large, in general.

**A First Honour for
Indian Educationist in
British Parliament**

2017

Asia's Educational Leader Award 2017 conferred by the Economics Times and presented by the Malaysian Govt. at Kuala Lumpur, Malaysia

SVB's Saraswathi College of Education & Research- An Overview

SVB's Saraswathi College of Education & Research is one of the prime units of the parent body – NES-SVB Education Group of 69 Institutions. The College is recognized by National Council for Teacher Education (NCTE), Bhopal and affiliated to S.N.D.T. Women's University. It is established and managed by Saraswathi Vidya Bhavan, an Educational Trust registered with the Charity Commissioner, Greater Mumbai.

SVB's Saraswathi College of Education and Research was set up in order to facilitate professional education and career options for girl students who would otherwise be deprived of such opportunities in the hinterland areas of Thane District.

Well equipped with the latest facilities like spacious, technology-enabled lecture halls including Interactive Boards, a well-stocked library with books, journals and educational research publications, the institution offers a wide range of training programs to prepare teachers for the modern demands in the classroom.

Programs like educational visits, nature walks, workshops, case studies, seminar presentations, community work, awareness programs, visit to special school etc., are conducted to create social and civil awareness so that student teachers are better informed about societal development and needs.

In addition to the University prescribed curriculum for teacher training, 2 years at SVB's Saraswathi College of Education & Research also prepare them for the increasingly popular teaching-learning methods followed for the International Baccalaureate and Cambridge Assessment International Education Curricula. Teacher trainees graduating from our Institution are well equipped to take up teaching assignments in International Schools too. Inquiry-based learning, constructive approach, concept-based learning etc. are an integral part of their training.

The students are also exposed to Entrepreneurship idea and recognize the need for entrepreneurial thinking and attitudes. An annual Inter-collegiate competition on themes like "Innovations in Interactive Teaching," "EduQuiz" and "Innovative Teaching Aids" are unique features taken up by our Institution.

Our efforts towards quality of teaching, training and evaluation are reflected in the final results. The Institution has an excellent track record of University Gold Medal winner and top rankers in the University and 100% result year after year.

Our Placement Cell organizes grooming and personality development sessions. The institution takes keen interest in providing placement support to student teachers in the institutions of the parent body. Many of our students have got opportunity to work in NES/SVB institutions comprising schools, offering SSC, ICSE, IGCSE, IB Curricula, State Board Junior Colleges as well as Mumbai University affiliated Degree Colleges. Student-teachers are helped in placements in other well established institutions as well.

SVB's Saraswathi College of Education and Research opens up a world of learning, discovery and opportunity for aspiring teachers and academicians, leading them on a fulfilling career path.

FROM THE DESK OF FOUNDER PRESIDENT

Dr. R. Varadarajan

Founder-President

NES-SVB Group of 69 Institutions

A lifetime in institution building has only strengthened my conviction that upliftment from poverty and ignorance, and national progress happen only through education. NES-SVB Education Group is recognised as a pioneer that has catapulted some of the far flung suburbs of Mumbai and Thane district to prominence by offering access to the best facilities for quality education right from KG to Doctoral Studies in various specializations -Arts, Commerce, Science, Pharmacy, Healthcare, Sports, Education and Management. This vast 59-year old Group is now like the wise oak sheltering and nurturing about 50,000 students, leading them towards a path of learning, knowledge and fulfillment of their aspirations. Our faith is reinforced by the global experts who have been emphasizing upon the need for Research and Development in Education. This focus on research has now influenced change in the curricula, pedagogy, educational technology, infrastructure, psychology, learning and teaching. SVB's College of Education and Research is our small contribution towards this giant mission. We work towards training our graduate teachers to be torch bearers in integrating the latest technological developments with their curricular requirements. They are also prepared to keep their ears to the ground so that they are able to adapt their knowledge and ability to meet the challenges of educating a tech-savvy generation.

My best wishes to the aspiring teachers, who join this noble cause of teaching and pray, you be a positive energizing influence in your own career as a teacher!

FROM THE DESK OF DIRECTOR

Dr. Balasubramanian V.

Director

NES-SVB Group of 69 Institutions

Having grown up under the watchful and loving care of educationist parents, it was only natural that I would imbibe this inherent, sensibility and sensitivity for education. My parents – my role models have faced several challenges in their efforts to bring up the institutions that would transform the areas where they operate.

SVB's B.Ed College is, therefore, most suited to train teachers in innovative pedagogy, research based curriculum planning and development. The prime objective of the NES-SVB Group is to redefine education and prepare our children today, for tomorrow. We are committed to providing our students an enriching and memorable learning experience. We, at NES and SVB constantly motivate our teachers to adopt creative and experiential pedagogies, to be able to instill 21st century skills in our students.

We are gratified that NES High School, Bhandup was the only school in Mumbai region to be selected first by the Central Government for setting up an Atal Tinkering Lab. Now SVB's Sankara Vidyalaya has also been selected in Thane district by the Central Government for setting up an Atal Tinkering Lab. We have also pioneered STEAM Research Lab at NES International School Mumbai. Our major initiatives are investing in new digital technologies to achieve greater efficiency in teaching, learning and generating awareness about environment sustainability in all our institutions.

Self-motivation, continuous learning, unstinted effort and support for innovation will make our students not mere job seekers but professionals/ industrialists/ entrepreneurs in the coming years. As a member of the leadership team of the NES-SVB Group, I see positive trends and I am optimistic about the education sector in India. My vision for the future is to take up those initiatives that will place our group not only on the national map but also on the global map of educational programmes.

FROM THE DESK OF I/C PRINCIPAL

Dr. Mary Devakumar
I/C Principal

It's my immense pleasure and honor to welcome you all to one of the most prestigious Teachers' Training institutions named SVB's Saraswathi College of Education and Research.

Teacher is the most prestigious word used in each corner of the world. Educating the world is quite impossible without an ideal teacher. Vivekananda once narrated - "In every sphere of life we find that it is the person within that triumphs, and that personality is the secret of all success". With this ideology our main motto is to prepare qualitative and innovative teachers who can be able to face various challenges in teacher training profession. Our entire team is always in effort to bring out the best in students. For this, we organise various curricular and co-curricular activities time to time.

To augment the all-round development of personality, our college offers free certificate courses on Computer Basics and Personality Development Programme.

We feel proud to announce 100% Results every Year and also provide International Exposure to our student-teachers by conducting IB training to accost the global challenges. Our endeavor is not just quality and innovation but nurturing with all domains of education. I am sure you will definitely enrich and succeed in our institution.

BEST WISHES TO ALL!

INFORMATION ABOUT B.Ed COURSE

BACHELOR OF EDUCATION (B.Ed)

Duration: 2 years

B.Ed. Program comprises twelve theory courses and practical work that are linked together meaningfully aiming at achieving excellence and competence in pedagogic practices, and enabling the student teacher to become an efficient and effective school teacher. The said program will end in awarding a degree 'Bachelor of Education'.

ELIGIBILITY FOR ADMISSION

For centralized admission:

A) Maharashtra State Candidates: (i) The candidate should have passed Bachelor's Degree and/or Master's Degree with minimum 50% marks for Open Category either in Bachelor's Degree and or in the Master's Degree and Minimum 45% marks in case of Backward Class categories from State of Maharashtra belonging to SC, ST, VJ-DT NT- (A), NT1-(B), NT-2-(C), NT-3-(D), OBC, and SBC.

OR

B) (ii) The candidate should have passed Bachelor's Degree and/or Master's Degree with subjects in Engineering or Technology/ (Science and Mathematics as a Special subjects) / Management/Computers / Law/Information - Technology / Agriculture/ BBI / Medical Sciences / Fine Art / Performing Art (Music/Dance /Drama etc.) and secured minimum 55% marks either in Bachelor's Degree and or in the Master's Degree (Minimum 50% marks in case of Backward Class Category candidates belonging to State of Maharashtra belonging to SC, ST, VJ-DT NT-(A), NT1-(B), NT-2-(C), NT-3-(D), OBC, and SBC.

C) Other State Candidates:

The candidate should have passed any Bachelor's Degree and/ or Master's Degree with minimum 55% marks for all categories. All candidates including backward class candidates having Degree/Post Graduate Degree from Out of Maharashtra University will be considered as Open Category Candidates.

For admission under management seats the eligibility is same as above. The candidate should have appeared for the Common Entrance Test (C.E.T) and English Language Content Test (ELCT). Admission will be strictly as per merit of the candidates.

RULES FOR EXAMINATION:

Eligibility for appearing for B.Ed. examination:

- i. Student-teacher who has not successfully completed all internal assessment will not be allowed to appear for semester examination.
- ii. Student-teacher having less than 80% attendance in any course will not be eligible for appearing for examination of the course. The principal of the college will however have discretion to condone absence up to 10% in the year, for reasons to be recorded in writing or on submission of medical certificate. There are no marks for the attendance.

COMPLETION OF INTERNAL WORK:

- i. Completion of all items of internal practical work to be completed by each student as prescribed in the syllabus.
- ii. In case the student is sanctioned absence on medical ground, she has to complete the items of internal work that she may have missed during her absence as may be re-arranged by the college in the same semester.
- iii. The principal shall send the internal assessment marks to the C.O.E. of the University before commencement of the semester examination.

SCHEME OF EVALUATION:

The performance of the student shall be evaluated as internal work and external work.

- i. Internal assessment will be done with marks by way of continuous evaluation of the course areas as envisaged in the credit-based system by way of participation of learners in various practical works in the B.Ed. program
- ii. Semester-end assessment is based upon marks scored through the performance assessment of the student in theory/written examination.

MEDIUM OF INSTRUCTION:

- Medium of instruction is English.
- Medium of Examination is English / Hindi / Marathi.
- Practice teaching lessons can be allowed in English / Hindi / Marathi.

COLLEGE TIMINGS:

College timings are from 9.30 am to 3.30 pm. Practice lessons and internship will be according to the time table of practicing schools.

PLACEMENTS:

Our college takes keen interest in providing placement support to our students. Many of our students get opportunity to work in NES/SVB Institutions which comprise of the following schools of S.S.C., I.C.S.E., IGCSE & IB curriculum and also degree colleges. Students are also helped to find placement in other well established neighboring Institutions.

Placements of Students in different Institutions:

NES International School, Mulund	New Cambridge English School
NES International School, Dombivili	Vidya Niketan
NES National Public School	Lodha World School
Holy Angel High School and Jr. College	Madhavi Jr. College
B.K. Birla School & College	DAV Public School
Omkar International School	Abhinav Vidyalaya
Model High School & College	Sister Nivedita
St. John's High School	St. Joseph's High School
Don Bosco School, Dombivili	R.P. T. Vidyalaya
Don Bosco School, Kalyan	Ira Global School

DISCIPLINARY NORMS:

- Every student is responsible to the college and should take utmost care of the premises and college property.
- Any damage done to the property of the college is to be compensated either individually or collectively as the case may be. Any damage to the college building, furniture and fixture by the student, caused out of carelessness shall be treated as breach of discipline, besides recovery of the damage.
- Students should be regular and punctual. Appropriate action will be taken against absentees/late comers.
